

# Quality Standard for Amplified Music in 100 Countries... Dynacord

Presenting, in the foreground, Dynacord's 5-in-1 music machine: The Eminent 200. A unique solid-state, portable sound system. In one precision-engineered package, you have an eight-channel mixer unit; power amplifier and multi-head echo/reverberation unit; 7-band graphic equalizer; built-in monitor amplifier of 25 watts; and self-powered capability of 220 watts.

The Eminent 200 is backed by the 30 years of experience that Dynacord has had as the leading manufacturer and designer in Europe of sound reinforcing equipment. Dynacord's insistence on superior quality and engineering has made its products top favorites in over 100 countries around the world.

In the background: the Dynacord Mosquito Box with heavy-duty, full-range loudspeakers. Adjustable flaps allow sound waves to be channeled in every direction.

Also shown is the Echo-Mini, a versatile echo and reverb unit. Features include an endless tape system, sliding sound head, two inputs, and tone controls.

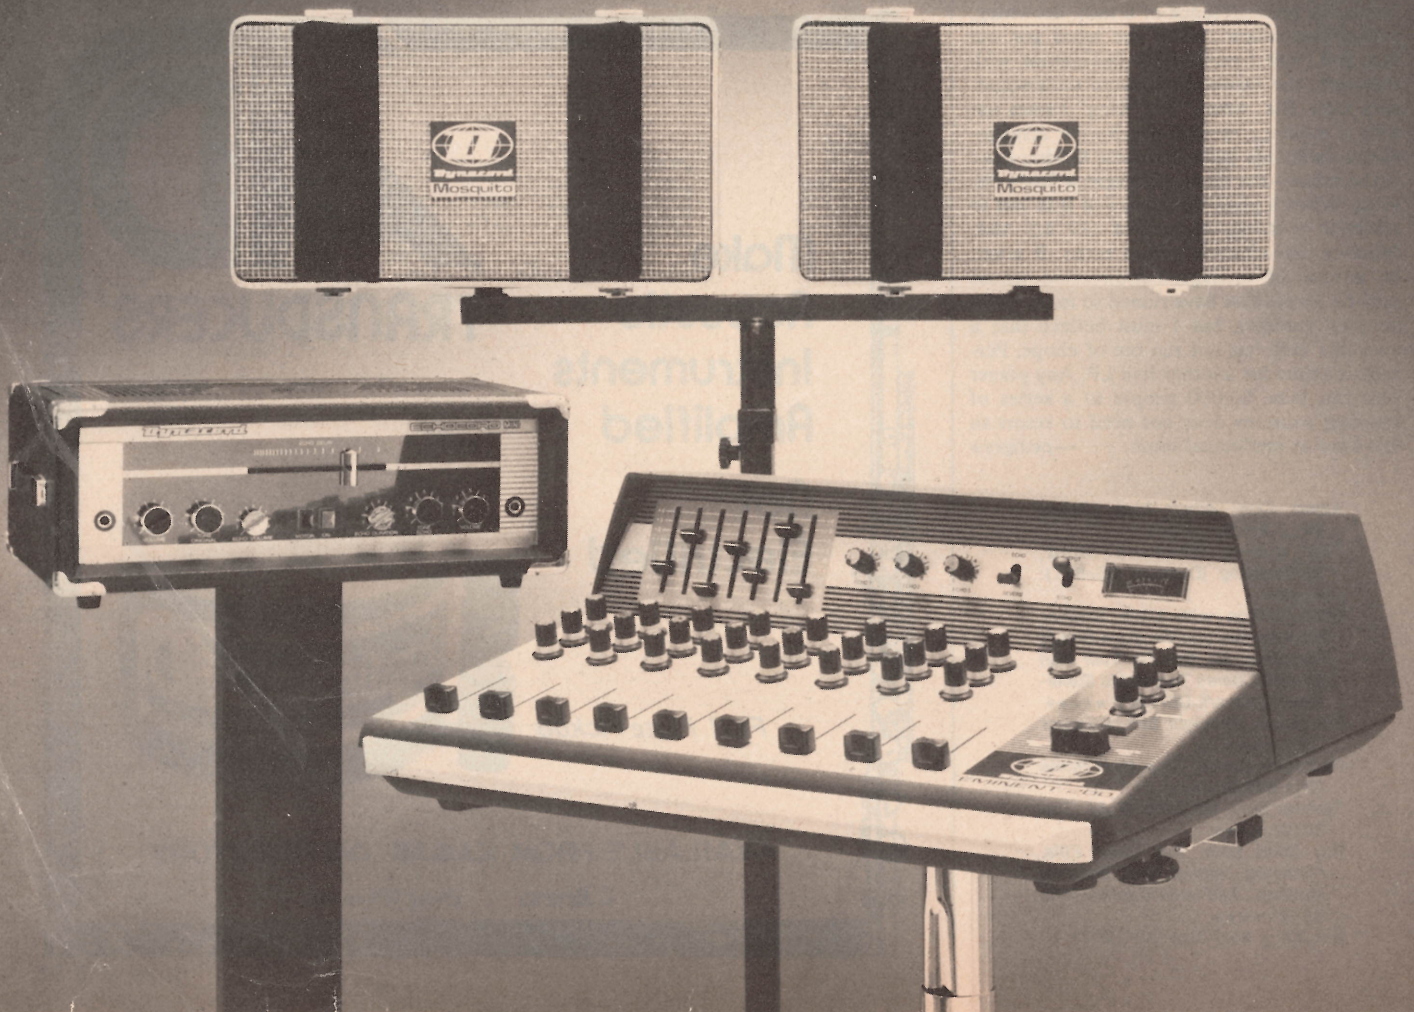

Three quality products by Dynacord... part of the complete line of over one hundred Dynacord, Stramp, and Echolette products.

## DYNACORD

Stramp                      Echolette
